A reply is due to the Chairman of the Tribunal ~~today~~ tomorrow & the candidates to be proposed are to appear before the Tribunal at their own cost on 30.12.40 with no guarantee of selection. The place ~~where~~ of interview too is not mentioned.

No reply has been received yet from the Chairman I.W or the Director of I & C, who were asked to suggest suitable ~~men~~ candidates. ~~So~~ In view of short notice it may not be possible ~~to~~ for us ~~suggest names~~ propose candidates willing to abide by the terms and ask them to appear on 30th. Perhaps a reply may be sent that we could not send up our proposals by the date indicated (29.12.40) in view of short notice, and that these will be intimated as soon as possible and they may be considered in connection with ~~the later batch~~ the second batch to be selected later.

It is understood that in response to a telephone message received from the Chairman of the N. S. L. T, arrangements have been made for the Candidates to be interviewed by the Tribunal in Bangalore on the 30th instant at the Leg. Council Hall in the Public offices.

The Director of I & C. has also suggested the names of seven candidates as being suitable for selection. As suggested by the Chief Secretary, a draft reply to the Chairman (communicating all the names & to him & leaving the further selection to him) is put up, as also a letter to Director I & C. intimating that the Candidates will be interviewed at Bangalore.

(Note Continued as ordered)

It is now reported by the Director of I & C that of the 7 persons recommended in his previous letter have since expressed their unwillingness to go to England and take the training.

A reply has also been received today from the Chairman, Messrs I. W. forwarding the applications of three candidates. The Scheme contemplates the selection of "workmen" possessing "manual dexterity" with some knowledge of English. The persons recommended by the Chairman are all Diploma holders and may be of a higher class than contemplated. This may not perhaps matter. It is also stated that "there is some hesitation to go to England under the present condition" & in view of the chance of one of the applicants dropping out at the last minute, more than two names are suggested the Chief Secy. said that in a telephone message Mr. Venkatanarayanappa had mentioned that the Candidates had been instructed to meet the Tribunal tomorrow at the L.C. Hall, Public Offices, Bang for interview.

The pay drawn by these is not mentioned but it may be perhaps presumed that they are getting Rs 40 & above.

Draft sending a revised list of names to the Chairman, M.S.L.T. is put up

RS 13/9

The G.M. has sent this list 2½ months after our reference to him.

The third batch was expected to sail in the 3rd or 4th week of September 1941 and the Labour Tribunals had been asked to send their selections by 6.9.41. So the names now suggested by the G.M. are too late for this batch. The next batch may be selected some two months later.

The point for consideration is whether these names may be recommended for the next batch. The first one is a Fitter aged 34 yrs getting Rs 11/- p.m. and has read up to II Forum.

to what service he has put in the workshops may also be ascertained GR

The second one is a Fitter Cooly aged 24 yrs who has read up to S.S.L.C. getting 0-8-0 a day.

The prescribed qualifications are that the candidates "should be young, but not below 18, healthy, intelligent, able to read, write and do simple calculations, and possess manual dexterity and some knowledge of English. Should have had experience of factory work. Preferably from among men of engineering trades drawing wages of Rs 40 to 60 p.m."

SIR,

Bevin Training Scheme - Selection of candidates.

I send herewith a copy of the Bevin Training Scheme and request that you will be good enough to suggest to me urgently the names and other necessary particulars of two persons whom you consider suitable for selection. Only 18 vacancies have been allotted to the area in the jurisdiction of the Madras Tribunal. 9 of these are to be selected and included in the first batch which will leave for England in January. A further batch will be selected and included in the second batch which will leave for England probably in March.

The persons proposed by you should be asked to get themselves vaccinated immediately as in the event of their selection they should produce certificates of vaccination against small-pox not less than twelve days and not more than 3 years old prior to the departure, signed by a doctor in Government employ.

Please direct your nominees to appear before the Tribunal for interview at their own cost at 11 A.M. on 30-12-1940. They may, however, be told that there is no guarantee that they would be selected.

As the matter is urgent, I should be obliged if you would pay your immediate attention to it and let me have a reply before 29-12-40.

I have the honour to be,

Your most obedient servant,

Chairman.

SIR,

BEVIN TRAINING SCHEME - SELECTION OF CANDIDATES.

With reference to your letter No.2568-69/C.B. dated 20th instant regarding the names and necessary particulars of persons considered suitable for selection for undergoing technical training in England, I have the honour to send herewith a list of such persons from among the employees of the Central Industrial Workshop for selection. They have all been advised to get vaccinated immediately. They are all willing to abide by the terms of the scheme. They are well skilled in their trade and are expected to take full advantage of the training.

In this connection I am to state that one of the conditions laid down for selection is that candidates are to be taken from the working classes preferably from among men of the engineering trades drawing wages of Rs 40/- to Rs 60/- per month. It will be kindly seen from the enclosed list that with the exception of one, the others are drawing less than Rs 40/-. But their names are recommended as they are all well skilled and would prove very useful. Therefore the restriction in respect of wages in their cases may perhaps be relaxed.

(PTO)

I request the favour of immediate orders whether the candidates mentioned in the accompanying list may be asked to interview the Labour Tribunal at Madras on the 30th instant.

I am to add that I had sent copy of your letter and its enclosures to the Chairman, Mysore Iron and Steel Works, Bhadravati, and the Government Director of Industrial Concerns, for recommending the names of persons from among the employees in the Industrial Concerns under their control, but I have not received a reply from them so far.

Particulars re: Mr. Chari applicant for training under Bevin Training Scheme.

1. Kumbakonam Joseph Antony Simon Chari was born in Rangoon on 1st July 1904. My father was an Oil Merchant in Rangoon and passed away about the year 1918. I was educated in Rangoon up to the High School Final Examination and can read, write and speak English fluently

After completing the High School Course, I was working in Japan Cotton Trading Company, Rangoon Branch as a Clerk for 3 years till the year 1921. Then I proceeded to Calcutta and was working in Cotton Line for about a year when after working in mechanical line at Secunderabad, Bombay, Poona, I joined Messrs. British Thomson Houston Company, Ltd., Contractors of the Main Line Electrification of G.I.P. Railway, as an Erector for 2½ years. After the expiry of the contract with theB.T.H. I joined General Motor Agency as Mechanic at Hub After that I appeared for the Motor Mechanic's qualification examination at Bombay in the Fort Motors India, Ltd., Bombay Factory and obtained a certificate. I returned to Hubli, joined a Postal Mail Contractor's Service as Mechanic. After about 1½ years I joined the India Sugars and Refineries Ltd., at Hospet as an Erecting Fitter and was in charge of the Boilers for 2 years. Then I left for Bangalore, joined the Mysore Government, Central Industrial Workshop as a Fitter in May 1935. I am now drawing wages of Re.1-1-0 per day.

I am married and have five children.

My wife's side relatives are working in the Mysore State in private firms.

I am a Roman Catholic Christian.

I am directed to state that it is since reported that of the candidates mentioned in the list sent therewith, only one candidate, viz., Mr. Chari is willing to abide by the terms offered and take the training proposed, and that the other candidates have withdrawn their applications. Even though this person draws only Rs.27/- a month, he has been specially recommended by the Director of Industries & Commerce as a skilled workman who is likely to prove useful.

I am to add that a recommendation has also since been receive from the Chairman, Mysore Iron & Steel Works, Bhadravati, in favour of three other candidates (noted in the margin). He, however, stat that there is some hesitation to go to England under the present conditions and that there is a possibility of one of these dropping out at the last minute. In view of this, more than two names have been suggested for consideration.

1. Mr. M.N. Vasudeva Rao, Inspector, Finishing Section, Rolling Mills.
2. Mr. D. Gopalacharlu, Foreman, Structural Shop, Mysore Iron & Steel Works.
3. Mr. K.S. Narayana Murthi, Chargeman, Machine Shop.

The applications (in original) of the three candidates from

Bhadravati giving necessary particulars are enclosed, as also a note giving similar particulars regarding Mr. Chari of the Central Industrial Workshop, Bangalore.

The candidates have been instructed to appear before the Tribunal at 11 A.M. on the 30th instant in the Legislative Council Hall, Public Offices, Bangalore.

Bevin Training Scheme.

1. Scheme. It is proposed to send batches of Indian workmen to the United Kingdom to undergo courses of training extending to six months in engineering occupations such as fitting and machine operating. The object of the scheme is to accelerate munitions production in India and at the same time inculcate in the men an appreciation of British methods industrial co-operation between employers and workers and the value of sound trade union principles. Training will be given partly at training centres and partly under selected employers For the first month the trainees will be accommodated in a hostel run on English lines under a carefully selected manager after which they will be lodged with selected British families. For the first three months, the trainees will work at special training centres where they will receive elementary training and instruction in English and will have time to become acclimatized. They will then be placed in groups with selected employers in factories where they will be trained side by side with British workmen. During the training period each trainee will receive the cost of his keep and accommodation plus an allowance as pocket money at the rates allowed to British trainees. Trainees will not be permitted to take their families with them. Separation allowance will be paid to married men.

2. Numbers to be trained.- It has been decided that the first batch of candidates should consist of 50 and that it should sail from this country by the middle of January. A second batch of 50 will then be selected and if all goes well, it will sail in March. The despatch of subsequent batches will depend on the progress of the trainees already in England.

3. Terms, allowances, etc. - Each trainee will be provided with:-

(1) an outfit in India consisting of one winter overcoat, one jersey, one balaclava helmet, one pair of strong boots

boots and two woollen blankets;

(2) inter class* railway ticket plus a daily allowance of Re.1 from place of residence to port of embarkation and from port of desembarkation to destination, on both outward and return journeys;

*Third class in England.

(3) special sea passage with English food to and from the United Kingdom;

(4) a subsistence allowance of Rs.20 per month from date of leaving present place of residence until date of arrival at destination and a similar allowance on the return journey;

(5) an allowance sufficient to cover the cost of board and accommodation while under training in the United Kingdom plus eight shillings a week (about Rs.24 per month) if over 20 years of age and six shillings per week (about Rs.18 per month) if under 20 years of age, as pocket money; an

(6) an allowance in the United Kingdom ~~of~~ for the purchase of suitable clothing.

In addition to these allowances, the families of married men will each receive an allowance of Rs. 35 per month payable in India. Selected candidates will be required to state whether they are married and if so to whom they wish the separation allowance to be paid.

4. Qualifications.- Candidates will be chosen from the whole industrial field and may be married or single. They should be young but not below the age of 18 healthy, intelligent, able to read, write and do simple calculations, and possess nannual dexterity and some knowledge of English. They should as a rule, have had experience of factory work and have given proof of intelligence and adaptability.

5. Selections.- The selection of candidates will be made y National Service Labour Tribunals in consultation with he Regional Inspectors of Technical Training and large ndustrial employers including Railway Administrations. andidates should be taken from the working classes preferably rom among men of the engineering trades* drawing wages of s.40 to 60 per month. A few candidates from technical nstitutions may be included but their numbers should not xceed 10 per cent of the whole. Selections should be onfined to persons who are likely to be adaptable to onditions in England and especially those who are prepared to mix and are least likely to raise difficulties over food, etc. It should be explained to all candidates that accommodation

V.1. Page 3

accommodation and food will be in the English style and not on a caste or communal basis. Before final selection, candidates should be medically examined and X-rayed for tuberculosis under arrangements to be made by Tribunals under rule 12 of the National Service (Technical Personnel) Rules read with section 5(7) of the National Service (Technical Personnel) Ordinance After selection each candidate will be asked to sign an agreement in the annexed form.

6. Passage arrangements.- When the Tribunals have made their selections, they will furnish the Labour Department with nominal rolls of the candidates selected and arrange with the Provincial Government for the arrangements for passages and issue of instructions as to when and where the trainees should report. During the voyage, the trainees will be placed in charge of an officer to be selected by the Labour Department who will instruct them in English and endeavour to give them some idea of the Englis style of living. Before the trainees are despatched to the port of embarkation, the Tribunals will supply them with the outfit referred to in paragraph 3(1), inter class railway ticket to the port of embarkation, daily allowance at the rate of Re.1 per day for each day or part of a day of the journey to that port and an extract of the nominal roll referred to above. On arrival on the steamer, each trainee will be given an advance of two months subsistence allowance.

7. Employment of trainees on return to India.- On their return to India, the trainees will be at the disposal of the National Service Labour Tribunals concerned which will decide how best their services can be utilised. No guarantee of employment is given.

8. Expenditure.- All expenditure incurred on the scheme in India will be borne by the Government of India and all payments in India except those on account of passages and subsistence allowance will be made through the National Service Labour Tribunals concerned. Expenditure incurred in the United Kingdom will be met by His Majesty's Government.

4. *Qualifications.*—Candidates will be chosen from the whole industrial eld and may be married or single. They should be young but not below the age of 18, healthy, intelligent, able to read, write and do simple calculations, and possess manual dexterity and some knowledge of English. They should, as a rule, have had experience of factory work and have given proof of intelligence and adaptability.

* Third class in England.

5. *Selections.*—The selection of candidates will be made by National Service Labour Tribunals in consultation with the Regional Inspectors of Technical Training and large industrial employers including Railway Administrations. Candidates should be taken from the working classes preferably from among men of the engineering trades* drawing wages of Rs. 40 to 60 per month. A few candidates from technical institutions may be included but their numbers should not exceed 10 per cent of the whole. Selections should be confined to persons who are likely to be adaptable to conditions in England and especially those who are prepared to mix and are least likely to raise difficulties over food, etc. It should be explained to all candidates that accommodation and food will be in the English style and not on a caste or communal basis. Before final selection, candidates should be medically examined and X-rayed for tuberculosis under arrangements to be made by Tribunals under rule 12 of the National Service (Technical Personnel) Rules read with section 5 (7) of the National Service (Technical Personnel) Ordinance. After selection each candidate will be asked to sign an agreement in the annexed form.

6. *Passage arrangements.*—When the Tribunals have made their selections, they will furnish the Labour Department with nominal rolls of the candidates selected and arrange with the Provincial Government for the grant of passports. The Government of India will make the necessary arrangements for passages and issue instructions as to when and where the trainees should report. During the voyage, the trainees will be placed in charge of an officer to be selected by the Labour Department who will instruct them in English and endeavour to give them some idea of the English style of living. Before the trainees are despatched to the port of embarkation, the Tribunals will supply them with the outfit referred to in paragraph 3 (1), inter class railway ticket to the port of embarkation, daily allowance at the rate of Re. 1 per day for each day or part of a day of the journey to that port and an extract of the nominal roll referred to above. On arrival on the steamer, each trainee will be given an advance of two months' subsistence allowance.

7. *Employment of trainees on return to India.*—On their return to India, the trainees will be at the disposal of the National Service Labour Tribunals concerned which will decide how best their services can be utilised. No guarantee of employment is given.

8. *Expenditure.*—All expenditure incurred on the scheme in India will be borne by the Government of India and all payments in India except those on account of passages and subsistence allowance will be made through the National Service Labour Tribunals concerned. Expenditure incurred in the United Kingdom will be met by His Majesty's Government.

Form of agreement.

I agree to undergo training in the United Kingdom in accordance with the terms of the "Bevin Training Scheme" which have been read over and explained to me and to report to the Chairman of the..... National Service Labour Tribunal on my return to India.

Signed.....

Sir

Bevin Training Scheme - Second batch of candidates - selection

I have the honour to forward herewith a copy of the Bevin Training Scheme and to inform you that a second batch of 10 trainees for the Scheme will be selected from this Province. I request that you will be good enough to nominate 2 suitable candidates from your ~~undertaking~~/State and direct ~~him~~/them to appear before the National Service Labour Tribunal, Old Engineering College Buildings, Chepauk, Madras, at 11 A.M. on the 15th March 1941, when a final selection will be made by the Tribunal.

The candidates will be paid a single third class railway fare plus one anna per mile for road journeys (exceeding five miles) to attend the interview but there is no guarantee that your nominee will be selected.

I enclose for your information a copy of the letter TR50, dated 23-12-40 and an extract of the letter D.O.No.TR50, dated 28-12-40 from the Government of India regarding questions such as provident fund of the employee during the period of training, lien on his appointment and compensation in case of accidents and request you to inform your nominee of the position before he is sent for interview. Only those candidates who are quite willing

to proceed to the United Kingdom and will not fall out after final selections are made should be asked to appear before the Tribunal.

The persons proposed by you should be asked to get themselves vaccinated immediately as in the event of their selection they should produce certificates of vaccination against small pox not less than twelve days and not more than 3 years old prior to their departure to England signed by a Doctor in Government/State employ.

The attention of married persons may be drawn to para 3 of the Scheme regarding separation allowance for their families. No person other than wives and children are entitled to this allowance.

I have the honour to be,

S i r,

Your most obedient servant,

V. Ramakrishna

Chairman.

CHIEF 3. MAR. 1941 GOVT. OF MYSORE.

Extract from the letter of the Government of India
D.O.No.TR50, dated 28th December 1940.

Persons selected ~~from~~ under the Bevin Training Scheme will not be in "employment in the national service" within the meaning of section 2(e) of the National Service (Technical Personnel) Ordinance. The Scheme is purely voluntary and if trainees are employed at the time of selection and leave that employment they will not be entitled to reinstatement on the completion of their training. It is hoped, however, that employers will agree to allow the trainees to hold a lien on their appointments; it is for this reason that in cases where the question arises the Government of India have decided to pay the employers' share of subscriptions to the contributory provident funds of trainees whose employers agree to keep their provident fund accounts open and who are prepared to pay their own share of the contributions. You have already been addressed on this point. Apart from provident fund contributions, the Government of India accept no responsibility whatever in regard to gratuity, promotion, leave or other concessions. The men will be absent from their employment for only 9 months and it is for the employers to consider how far the period of training should be allowed to count for such concessions. Where employers agree to allow trainees a lien on their posts, the Tribunal would, when considering the disposal of the men on their return to India under section 7 of the scheme, allow the trainees to return to their former employment.

The Government of India do not propose to consider the question of compensation in the case of accidents whether caused by the war or otherwise until such a case arises. Candidates who raise the question may, however, be assured that the Central Government will see that their interests in this respect are fully safeguarded.

OFFICE MEMORANDUM.

Subject: Bevin Training Scheme.

It has been decided that in the case of trainees selected under the Bevin Training Scheme who are subscribers to a Contributory Provident Fund, the Central Government will pay the employers' share of the contributions during the trainees' absence from their employment, provided the employers agree to keep open the Provident Fund accounts, and the trainees arrange to pay their share of the contributions. The contributions will in all cases be based on the wages drawn by the trainees at the time of their selection. The Central Government's share will be met from the grant under the Head "64 - Miscellaneous Expenditure in connection with the war" under arrangements to be made hereafter. Trainees concerned should be informed of the of the decision and particulars of those who wish to take advantage of the concession and whose employers are prepared to co-operate should be reported to this Department together with a note as to how the trainees propose to pay their share of the contributions.

SECOND BATCH OF 'BEVIN BOYS'

LIKELY TO LEAVE SHORTLY

(UNITED PRESS OF INDIA.)

NEW DELHI, April 9.

It is understood that the Government of India have issued instructions to the Chairman of the National Service Tribunals to inform the trainees to assemble at Bombay by the middle of this month with a view to leaving for England to receive training under the Bevin scheme. These 50 Bevin boys, constituting the second batch, are likely to leave shortly.

The Government have received information about the safe arrival of the first batch of 50 who left Bombay in the second week of February. Reports about their training and details about the progress made are expected very shortly.

The United Press learns that the selection of the third batch of Bevin boys will not be made for some months to come. The Government of India will first satisfy themselves with the progress made by the first and second batches and on the basis of the reports from England further selections will be made.

SIR,

BEVIN TRAINING SCHEME

P

With reference to your letter No.43--43/7 dated 5th April 1941 asking me to recommend to Government, the names and other particulars of persons considered suitable for selection for training under the Bevin Training Scheme, I have the honour to state that I consulted the marginally noted officers to suggest the names of persons who are willing to undergo -- training under the scheme on the terms prescribed and intimate if the candidates selected would bear the expenses of the interview.

1. The Superintendent, Central Industrial Workshop, Bangalore.
2. The General Manager, Govt.Electric Factory, Bangalore
3. The General Manager, Mysore Iron & Steel Works, Bhadravati

2. The Superintendent, Central Industrial Workshop, reports that only one candidate by name G.Natarajan who is a mechanic in the workshop on Rs.25 a month, is willing to undergo training in England under the Scheme but that he is unable to pay the expenses of the interview. This candidate is aged 25 and unmarried. He has no knowledge of English.

3. The General Manager, Government Electric Factory, intimates that one Mr.Hanumantha Rao working in the Transformer Section of the Electric Factory, is desirous of undergoing train-

training under the scheme and is prepared to bear the expenses of the interview.

4. The General Manager, Mysore Iron and Steel Works, Bhadravati recommends the names of Messrs.S.N.Narayana Setty, a passed student of the Mechanical Engineering School, Bangalore, and Mr.N.V.Balakrishna Rao, who is studying for A.M.I.E., and is at present an Operator in the Telephone Section of the Mysore Iron and Steel Works. These candidates are willing to undergo training under the scheme on the terms prescribed but desire the expenses of the interview to be paid to them.

BEVIN TRAINING SCHEME.

SIR,

I am directed to refer to my letter No.F.132-40/W, dated the 17th March 1941, and to forward copies of the communications noted in the margin. In inviting the attention of the Government of Mysore to my letter No.F.132-40/W, dated the 20th June 1941, I am to request that a list of suitable candidates, if any, from the Mysore State may kindly be furnished to the Chairman, National Service Labour Tribunal, Madras, by the 20th August 1941, a copy being sent to this Residency at the same time.

1. Letter from the Government of India, Labour Department to the Chairmen of all National Service Labour Tribunals, No.TR50, dated the 1st August 1941, with enclosure (Revised Bevin Training Scheme).
2. Letter from the Government of India, Labour Department to all Provincial Governments No.TR50, dated the 1st August 1941.

CONFIDENTIAL. No. TR.50.

Dated Simla, the 1st August 1941.

From

H. Tufnell-Barrett, Esquire, I.C.S.,
Deputy Secretary to the Government of India,

To

The Chairmen of all National Service
Labour Tribunals.

Subject:- Bevin Training Scheme.

Sir,

I am directed to refer to this Department letter No. TR.50 dated the 25th February 1941, and to say that intimation has been received from the India Office that the Ministry of Labour is satisfied with the progress of the first batch of trainees sent to the United Kingdom under the Bevin Training Scheme and has been favourably impressed by the selections made. The Ministry considers that with the exception of the five students (one from Bombay, three from the United Provinces and one from the Punjab) who have had little practical experience and appeared anxious to obtain jobs other than manual, all the trainees are of a suitable type. It is accordingly proposed to continue the scheme, but as the primary object of the Scheme is to train men for manual work, it has been decided that students should no longer be eligible for selection.

2. The Ministry of Labour has remarked that the clothes supplied to the first batch of trainees were generally of poor quality and unsuitable for use in the United Kingdom and that they rendered the wearers embarrassingly conspicuous. The Ministry emphasises the importance of the clothes supplied being of good fit and of a quality suitable for use in the United Kingdom. It has therefore been decided on the recommendation of the Ministry of Labour that the following articles of clothing should be supplied by

Tribunals....

Tribunals to each trainee in future, and the Governor General in Council is accordingly pleased to sanction the supply of this outfit in all future cases at a cost not exceeding Rs.270/- per head:-

Articles.	Suggested prices. Rs.
1 Dark Blue Overcoat.	70/-
1 Rain Coat.	20/-
1 Woollen Sports Coat.	25/-
2 Pairs Grey Flannel Trousers at Rs.15/- each.	30/-
3 Pairs Woollen Socks at Rs.3/- each.	9/-
2 Sleeping Suits at Rs. 10/- each....	20/-
2 Pairs Shoes at Rs.12/8/- each. ...	25/-
3 Cotton Coloured Shirts with collars at Rs.5/- each... ...	15/-
2 Sets Woollen Underwear at Rs. 15/- each.	30/-
1 Coloured Woollen Pullover. ...	10/-
1 Felt Hat.	10/-
Total Rs.	264/-
or Rs.	270/- round.

The prices given above are suggestions only and may be varied as may be necessary, provided the total cost in any one case does not exceed Rs. 270/-.

3. The Bevin Training Scheme has been revised to give effect to these decisions and to include various other points which have been decided since the inauguration of the scheme. 500* copies of the revised Scheme are enclosed for your information, and I am to draw your special attention to the revised form of Agreement which has to be signed by every trainee after his selection. Arrangements should now be made to select candidates for inclusion in the third batch which it is hoped will sail from this country in the third or fourth week of September 1941. The distribution of vacancies between Provinces will be in accordance with the figures in column 1 of the statement in paragraph 1 of thisDepartment letter No. TR.50 dated the 25th February 1941 except that on this occasion the Bombay quota will be reduced by 2 and the Punjab and Assam quota increased by

*If further copies are required, they may be printed locally.

one.....

one each. The number of vacancies allotted to each Province will consequently be as follows:-

Madras	8
Bombay	6
Bengal	8
United Provinces ...	7
Punjab	5
Bihar	5
C. P. & Berar ...	3
Assam	3
N.W.F.P.	1
Orissa	2
Sind	2

The vacancies allotted to the N.W.F.Province and Orissa will be filled from persons domiciled in those Provinces by the Punjab and Bihar National Service Labour Tribunals respectively.

4. As His Majesty's Government are anxious that a proportion of subjects of Indian States should be included in each batch, the Residents in Indian States have been requested by the Secretary to His Excellency the Crown Representative to forward to the National Service Labour Tribunals concerned the names of suitable candidates from Indian States, and I am to request that these suggestions should be given due consideration when received. The proportion of Muslims in the first two batches of trainees was small, and I am to request that in making your selections for the third batch, the orders in force in the different Provinces with regard to communal representation should be followed as far as practicable. As a number of candidates fall out after selection, you are requested to select double the number of candidates required to fill the vacancies allotted to you. Your selections will be subject to the approval of this Department and should be submitted in the form sent to you with this Department letter No. TR.50 dated the 25th February 1941 not later than the 6th September 1941.

5. I am to add that certain trainees among the first

batch...

batch have been receiving private remittances from Ind and that this has tended to promote disharmony among t trainees. I am accordingly to request you to instruct the next batch of trainees not to arrange for private remittances to be sent to them as the allowances which will be paid to them will be sufficient for their need

GOVERNMENT OF INDIA.

DEPARTMENT OF LABOUR.

BEVIN TRAINING SCHEME.

(Revised.)

1. *Scheme.*—It is proposed to send batches of Indian workmen to the United Kingdom to undergo courses of training extending to approximately six months in engineering occupations such as fitting and machine operating. The object of the scheme is to accelerate munitions production in India and at the same time inculcate in the men an appreciation of British methods of industrial co-operation between employers and workers and the value of sound trade union principles. Training will be given partly at training centres and partly under selected employers. For the first part of their stay, the trainees will be accommodated in a hostel run on English lines under a carefully selected manager after which they will be lodged with selected British families. In the first stage of their training, the trainees will work at special training centres where they will receive elementary training and instruction in English and will have time to become acclimatized. Later, they will be placed, so far as is possible, in groups with selected employers in factories where they will be trained side by side with British workmen. Trainees will not be permitted to take their families with them. Separation allowance will be paid to married men.

2. *Numbers to be trained.*—It has been decided that each batch of trainees should consist of 50 and that there should be an interval of 6 weeks to 2 months between the departure of each batch from this country.

3. *Terms, allowances, etc.*—Each trainee will be provided with :—

(1) an outfit in India consisting of one dark blue overcoat, one rain coat, one woollen sports coat, two pairs grey flannel trousers, three pairs woollen socks, two sleeping suits, two pairs shoes, three cotton coloured shirts with collars, two sets woollen underwear, one coloured woollen pullover and one felt hat ;

(2) inter class* railway ticket *plus* a daily allowance of Re. 1 from place of residence to port of embarkation and from port of disembarkation to destination, on both outward and return journeys ;

(3) special sea passage with English food to and from the United Kingdom ;

(4) a subsistence allowance of Rs. 20 per month from date of leaving present place of residence until date of arrival at destination and a similar allowance on the return journey ;

(5) special port allowance of Re. 1 per head during stays at ports on the journey to and from the United Kingdom subject to a maximum of Rs. 7 per voyage :

(6) free medical attention on the voyage to and from the United Kingdom ;

(7) during the preliminary training, free board and lodging in a special hostel *plus* eight shillings a week (about Rs. 24 per month) if over 20 years of age and six shillings per week (about Rs. 18 per month) if under 20 years of age, as pocket money ;

(8) during the subsequent training, wages at 59 shillings a week, out of which they will pay the cost of their board and lodging.

In addition to the above allowances, the families of married men will each receive an allowance of Rs. 35 per month payable in India. Selected candidates will be required to state whether they are married and if so to whom they wish this allowance to be paid. In the case of trainees who are subscribers to a Contributory Provident Fund the Government of India will pay the employer's sha of the contribution, provided that the employer agrees to keep open the account and the trainees arrange to pay their share of the contributions.

---

*Third class in England.

4. *Qualifications.*—Candidates will be chosen from the whole industrial field and may be married or single. They should be young but not below the age of 18, healthy, intelligent, able to read, write and do simple calculations, and possess manual dexterity and some knowledge of English. They should have had experience of factory work and have given proof of intelligence and adaptability.

5. *Selections.*—(1) Trainees will be selected by National Service Labour Tribunals in consultation with Regional Inspectors of Technical Training and large industrial employers including Railway Administrations, and should be taken from the working classes preferably from among men of the engineering trades* drawing wages of Rs. 40 to 60 per month.

(2) Candidates called for interview may be paid travelling allowances at the rates referred to in Rule 3 (2) of the National Service (Technical Personnel) Rules, 1940.

(3) Selections should be confined to persons who are likely to be adaptable to conditions in England and especially those who are prepared to mix and are least likely to raise difficulties over food, etc. It should be explained to all candidates that accommodation and food will be in the English style and not on a caste or communal basis.

(4) Before final selection, candidates should be medically examined, X-rayed for tuberculosis and vaccinated under arrangements to be made by Tribunals under rule 12 of the National Service (Technical Personnel) Rules read with section 5 (7) of the National Service (Technical Personnel) Ordinance. After selection each candidate will be required to sign an agreement in the annexed form.

6. *Passage arrangements.*—(1) When the Tribunals have made their selections, they will furnish the Labour Department with nominal rolls of the candidates selected and arrange with the Provincial Government for the grant of passports. All passport fees including photograph charges will be paid by Tribunals.

(2) The Government of India will make the necessary arrangements for passages and issue instructions as to when and where the trainees should report. Before the trainees are despatched to the port of embarkation, the Tribunals will supply them with the outfit referred to in paragraph 3 (1), inter class railway ticket to the port of embarkation, daily allowance at the rate of Re. 1 per day for each day or part of a day of the journey to that port and an extract of the nominal roll referred to above. On arrival on the steamer, each trainee will be given an advance of two months' subsistence allowance.

(3) During the voyage, the trainees will be placed in charge of an officer to be selected by the Labour Department who will instruct them in English and endeavour to give them some idea of the English style of living.

7. *Employment of trainees on return to India.*—On their return to India, the trainees will be at the disposal of the National Service Labour Tribunals concerned which will decide how best their services can be utilised. No guarantee of employment is given.

8. *Expenditure.*—All expenditure incurred on the scheme in India, except the cost of passages, contingent expenditure on the voyage, subsistence and port allowances, will be met by the National Service Labour Tribunal concerned.

---

*Fitters, turners, and machinists (including shapers, planers, slotters, millers, grinders, etc.).

Passport facilities for the United Kingdom to the candidates selected for training under the Bevin Training Scheme - Mr.Vishwakanth Sreemant Pandit.

SIR,

I am directed to forward a declaration for a passport made by Mr. Vishwakanth Sreemant Pandit, a candidate for training in the United Kingdom under the Bevin Training Scheme, received from the Government of Bombay. He was granted by that Government a passport for the United Kingdom, since as far as was ascertainable in Bombay, there was nothing objectionable against his conduct, and there was no time to make further enquiries. In view, however, of the fact that he was born in Mysore, the Government of Bombay would be grateful if you would confirm as soon as possible that there was no objection to Mr.Pandit having been granted passport facilities for the United Kingdom.

2. The declaration form and the photograph may kindly be returned with your reply.

Dated New Delhi, the 4th November 1941.

From

H.Tufnell-Barrett, Esquire, I.C.S.,
Deputy Secretary to the Government of India,

To

The Chairmen of all National Service Labour Tribunal

Subject:- Bevin Training Scheme.

Sir,

In continuation of this Department letter No.TR50, dated the 1st August 1941, I am directed to request that arrangements may now be made to select candidates for inclusion in the fourth batch which it is hoped will sail from this country in the third week of December 1941. The distribution of vacancies between Provinces will be in accordance with the figures in column 1 of the statement in paragraph 1 of this Department letter No.TR50, dated the 25th February 1941, except that in order to adjust the variations from the allotted number of trainees in the third batch, the Bombay, United Provinces, Bihar and Sind quota will be reduced by 1 each while the Orissa and North West Frontier Province quota will be increased by one each and the Punjab quota by two. The number of vacancies allotted to each Province will consequently be as follows:-

Madras	8
Bombay	7
Bengal	8
United Provinces.	6
Punjab	6
Bihar	4
Central Provinces and Berar	3
Assam ...	2
North West Frontier Province	2
Orissa	3
Sind	1
	50

The vacancies allotted to the North West Frontier Province and Orissa.....

Orissa will be filled from persons domiciled in those provinces by the Punjab and Bihar National Service Labour Tribunals respectively.

2. As His Majesty's Government are anxious that a proportion of subjects of Indian States should be included in each batch, the Residents in Indian States have been requested by the Secretary to His Excellency the Crown Representative to forward to the National Service Labour Tribunal concerned the names of suitable candidates from Indian States, and I am to request that these suggestions should be given due consideration when received. The proportion of Muslims in the first three batches of trainees was small, and I am to request that in making your selections for the fourth batch, the orders in force in different provinces with regard to communal representation should be followed as far as practicable. As a number of candidates fall out after selection, you are requested to select double the number of candidates required to fill the vacancies allotted to you. Your selections will be subject to the approval of this Department and should be submitted in the form sent to you with this Department letter No.TR50 dated the 25th Februar 1941 not later than the 10th December 1941.

3. I am to add that the trainees in the fourth batch should be provided with an outfit on the scale detailed in paragraph 2 of this Department letter No.TR50 dated the 1s August 1941 and that the other instructions contained in that letter should be considered as equally applicable to the fourth batch. If any difficulty is experienced in providing suitable outfits, the Bombay National Service Labour Tribunal should be supplied direct with the measurements of the trainees and requested to make arrangements to provide them with the necessary items of clothing on their arrival in Bombay.

Copy of letter No.TRA1069(1), dated the 18th November 1941, from the Government of India, Labour Department, to the Chairmen, Bombay and Bengal National Service Labour Tribunals, Bombay/Calcutta.

----:O:----

Bevin Training Scheme - Testing and allocation of trainees on return to India.

I am directed to inform you that information has been received from His Majesty's Government that the first batch of Bevin trainees will return to India in three parties, the first two of which will arrive at Bombay and Calcutta respectively at the end of December or the beginning of January. The names of the ships and the probable dates of arrival will be communicated to you later.

2. The question of the disposal of the trainees on their return to this country has been considered and it has now been decided that on its arrival in India each party should remain at the port of disembarkation for 4 or 5 days and be subjected to suitable trade tests and an oral and/or written examination with a view to ascertaining how their services can be utilised to the best of advantage of the war effort. I am accordingly to request you to be good enough to arrange for each party to be met at the docks and accommodated during its stay in Bombay/Calcutta at a suitable hotel at a rate not exceeding Rs.4/- per day, the cost of which will be borne by the Central Government. During their stay at the port of arrival, the trainees will be entitled to a subsistence allowance of Rs.1/- per day instead of the usual subsistence allowance of Rs.20/- per month, and this amount as well as he hotel charges and the cost of transport etc. should be paid by the ribunal concerned out of its normal budget allotment. The trade ests and examination to which each party will be subjected should be eld under the auspices of the Tribunal by a Board consisting of the egional Inspector of Technical Training, Bombay/Calcutta and the uperintendent, Modernisation Planning, Ammunition Factory, Kirkee in he case of Bombay or a local representative of Ordnance factories in he case of Calcutta or any other port. If necessary a third technical fficer may also be nominated by the Tribunal. The tests and examination should be directed towards ascertaining the degree of technical skill attained by the trainees and whether they have the necessary character, intelligence and personality to suit them for appointment

as

as Supervisors in Ordnance or notified factories, or as Instructors under the Technical Training Scheme, You will be supplied with copies of the reports on the work of the trainees while in England which give the views of the Home authorities on these points and these should be made over to the examining Board. When the tests and examination have been completed, the trainees should be given their railway fares at the usual rates to their home or their original place of employment, whichever they desire, together with Re.1/- per day for each day of the journey. They should at the same time be directed to report themselves to the Chairman of the Tribunal constituted for their Province and thereafter to await the orders of the Central Government as to their final disposal. In the meantime, there will be no objection to their returning to their original employment if their posts are still open to them. Copies of the reports of the examining Board should be sent to this Department as well as to the Director of Ordnance Factory Recruitment, 6, Esplanade East, Calcutta, as soon as possible after the tests have been held.

Bevin Training Scheme - Testing and allocation of trainees on return to India.

SIR,

I am directed to refer to my letter No.F.132-40/W dated the 1st December 1941, and to forward for information, a copy of a letter from the Government of India, Labour Department, to the Chairmen, Bombay and Bengal National Service Labour Tribunals, No.TRA.1069(1), dated the 3rd December 1941, together with the lists mentioned therein and the report in respect of the trainee, Mr.K.A.Keshaviah of the Mysore State.

I have the honour to be,
Sir,
Your most obedient servant,

for perusal in the first instance. One of our candidates has done exceptionally well. This is Kesaviah.

Bevin Training Scheme - Testing and allocation of trainees on return to India.

In continuation of this Department letter No.TRA.1069(1), dated the 18th November 1941, I am directed to inform you that the first party of Bevin trainees consisting of 25 will arrive at Bombay by the s.s. "Elysia" on or about the 22nd December, and the second party consisting of 15 at Calcutta by the s.s. "City of Exter" on or about the 5th January 1942. A list of the trainees in each party is enclosed together with two sets of the reports on their work received from the training authorities in the United Kingdom.

2. The Ministry of Labour and the Secretary of State attach very great importance to the first batch of trainees being placed satisfactori on their return to India, and the Government of India also feel that the success of the scheme will depend to a great extent on this question I am therefore to request that in making its recommendations for the disposal of the trainees the Tribunal should bear in mind the desirability of the men being placed in posts of a more responsible and remunerative nature than those in which they were originally employed. Priority should be given to Ordnance factories and technical training centres, and it is suggested that the trainees marked with an asterisk in the enclosed list should be specially considered for appointment Instructors. If any employer wishes to take back a trainee to his original employment, and the man is not required for other work, the employer should be asked to give an undertaking that full consideratic will be given to the recommendations made by the training authorities in the United Kingdom and that if the man cannot be provided with a supervisory post, he will at least be allowed an increased rate of pay. It is felt that the intensive training which these men have received ir England entitles them at least to an increase of 40 to 50 per cent in their wages.

3. Copies of your recommendations should be sent not only to this Department and the Director of Factory Recruitment, 6 Esplanade East, Calcutta but also to the Chairmen of the Tribunals which selected

Letter No.F.132-40/W dated the 15th November 1941 from the Secretary to the Hon'ble the Resident in Mysore.

Bevin Training Scheme - Selection for the fourth batch.

- - -

I am directed to refer to my letter No.F.132-40/W dated the 15th August 1941, and to forward a copy of the communication noted in the margin. I am to request that, if there are any candidates in the Mysore State, in addition to those whose names have already been furnished to the Chairman, National Service Tribunal, Madras (Vide your letter No.880, W.67-40-39 dated the 14th October 1941), a list of such candidates also may kindly be sent to him by the 30th November 1941, a copy being sent to this Residency for information at the same time.

Letter from the Govt. of India, Labour Dept., to the Chairmen of all National Service Tribunals, No.TRA1050, dated the 8th November 1941.

Letter from the Govt. of India, Labour Dept., to Chairmen of all National Service Tribunals, No.TRA1050, dated the 8th November 1941.

- - -

In continuation of this Dept. letter No.TR50, dated the 1st August 1941, I am directed to request that arrangements may now be made to select candidates for inclusion in the fourth batch which it is hoped will sail from this country in the third week of December 1941. The distribution of vacancies between Provinces will be in accordance with the figures in column 1 of the statement in paragraph 1 of this Dept. letter No.TR50, dated the 25th February 1941, except that in order to adjust the variations from the allotted number of trainees in the third batch, the Bombay, United Provinces, Bihar and Sind quota will be reduced by 1 each while the Orissa and North West Frontier Province quota will be increased by one each and the Punjab quota by two. The number of vacancies allotted to each Province will consequently be as follows:-

Madras	-	8
Bombay	-	7
Bengal	-	8
United Provinces	-	6
Punjab	-	6
Bihar	-	4
Central Provinces and Berar.		3
Assam	-	2
N.W.F. Province	-	2
Orissa	-	3
Sind	-	1
		50

The vacancies allotted to the North West Frontier Province and Orissa will be filled from persons domiciled in those provinces by the Punjab and Bihar National Service Labour Tribunals respectively.

2. As His Majesty's Govt. are anxious that a proportion of subjects of Indian States should be included in each batch, the Residents in Indian States have been requested by the Secretary to His Excellency the Crown Representative to forward to the National Service Labour Tribunal concerned the names of suitable candidates from Indian States, and I am to request that these suggestions should be given due consideration when received. The proportion of Muslims in the first three batches of trainees was small, and I am to request that in making your selection for the fourth batch, the orders in force in different provinces with regard to communal representation should be followed as far as practicable. As a number of candidates fall out after selection, you are requested to select double the number of candidates required to fill the vacancies allotted to you. Your selections will be subject to the approval of this Dept. and should be submitted in the form sent to you with this Dept. letter No.TR50, dated the 25th February 1941 not later than the the 10th December 1941.

3. I am to add that the trainees in the fourth batch should be provided with an outfit on the scale detailed in paragraph 2 of this Dept. letter No.TR50 dated the 1st August 1941 and that the other instructions contained in that letter should be considered as equally applicable to the fourth batch. If any difficulty is experienced in providing suitable outfits, the Bombay National Service Labour Tribunal should be supplied direct with the measurements of the trainees and requested to make arrangements to provide them with the necessary items of clothing on their arrival in Bombay.
